

# ANCHOR TRAINING

For Installers

## ABOUT

Hilti Anchor training for Installers is a comprehensive training with a mix of theory and hands-on session.

The course explains the basics of how to install anchors correctly and safely. Participants will be guided on the working principals of diverse anchors, various advantages of each anchor, failure modes and will get the chance to install different anchors under the guidance of our expert engineers.

The training duration is 4 hours (theory and hands-on) for a minimum of 5 to a maximum of 10 participants. Attendees will be provided with course handouts as well as certificate of attendance.

## YOUR BENEFITS
